Welcome

Every 10 years, local governments use new data from the Census to redraw their district lines to reflect how local populations have changed. The City of Stanton is asking for your help to plan, draw, and reapportion new City districts.

The finalized maps that you will help us create will change how you elect your City Council Members for the next 10 years.

Our primary goal when drawing election districts is to draw lines that respect neighborhoods, history and geographical elements. So we want to know: What do *you* consider the boundaries of your neighborhood?

Share your specific thoughts, draw a map or attend an upcoming public hearing to get involved!
